

INFOSYS PAPER ON 21st FEBRUARY 2008

INFOSYS PAPER ON 21st FEBRUARY 2008

Hi friends!!!! This is subhadeep, student of TECHNO INDIA SALLAKE. INFY came 2 our college on 21st Feb. It was officially an on-campus(I wonder!!! There were 4 colleges)

Infy as usual had 2 rounds:

1. APTITUDE

2.HR(no technical)

The **aptitude** had 2 segments

1. Verbal reasoning (30 question-40min)

All were quite easy (of R.S Agarwal standard) --- Just practice those at least once-that's more than enof Ther were questions on Blood relation, data sufficiency, puzzle etc-VERY EASY

2. English (40questions-30mins)

This was easy too there were prep. Syllogism, Choosing correct sentence and few others which I cant remember(U just need 2 hav some basic English knowledge- I don't think solving BARRON is reqd) But friends the problem with this section is TIME SCARCITY

There were 2 one page comprehensions with 5 questons each There were hardly any time 2 read those properly(though they were easy

The apti was easy & I did attempt the whole lot. Out of about 1100, 220 cleared the apti (probably cutoff was increased)

The HR was really a cakewalk---DAMN EASY the interviewer was xtrmly friendly & as I enterd told me 2 sit down & then onwards

Q1.Tell me about ur weak points

A: answerd (Thank god he didn't asked me the Deadliest qstn-Introduce yourself

Q2.Tell about ur xperience after u left ur house

A; This is a filler-he was trying 2 tst communication skill, so I started stating every minute details

Q3. What sports do u follow

A; I answerd soccer,cricket & F1

Q4.He went on asking Who's best in EPL, who won F1 last yr, something about the teams
blah blah

A: this was my domain & answered easily (Quite surprising a 55yr guy following F1 2 such a xtnt!!!!!!)

Q5. Gave 2 puzzles 2 solve

A: Solvd the tougher one but narrowly missed the easy one

Q6. Have u ever worked in a group

A: I answered then he asked more about it & THEN told that's all

I was happy 2 give my best After a long wait 4 about 2 hrs at 9:15pm(praying 4 the best) finally the names were announced & was elated 2 find I was one of about 135 selected

So guys always have faith on yourself & god U CAN DO IT

Cracking INFY is not tough, just b cool during ur HR

Myself is Sourav RoyChaudhury, pursuing my 3rd yr B.tech from Techno India College of Technology, Rajarhat New Town...and have recently got through INFOSYS. Before I share my experience i like to thank all those who shared their experiences in the previous columns, my parents and to all my well-wishers.

From the very PPT u will learn dat INFY z a very strict and disciplined company and they always demands quality and not quantity...they generally do no cum wid specific number of offer letters. It was around 9:30am (21st feb) our PPT started...it was followed by APTITUDE TEST...around 11am.....the results came out in two slots. 4 colleges participated in the process(our colg, techno india(saltlake), asansol engg colg and siliguri insti of tech)...We got our results at about 4 pm or so and headed for the interview. 1168 participated in the process, 206 cleared apti and finally 137 got through(36 from my colg).

APTITUDE TEST: Well its the most difficult section of the whole process, a major eliminating round you can say !! The aptitude test consist of two sections

1. LOGICAL REASONING(30 QUESTIONS 40 MINS)

2. VERBAL ABILITY(40 QUESTIONS 30 MINS)

Der z sectional cut-off in each section its around 60% in LR part and 50% in VA.....no negative marking but there is hit-ratio cut off so never do any kind of blind guessing becuse many many of my frnds got rejected for dat.Put right information on the HR form given at the time of ur apti,I personally found it very confusing.

1. LOGICAL REASONING:

Series completion,data sufficiency,data interpretation,1 puzzle,syllogisms,1 problem (no quanti in INFY)

2.VERBAL ABILITY:

logical fill in the blanks,grammar,correct the sentence,sentence ordering,2 huge paragraphs.....time management is most important in this section.

My interview started at round 8pm,there were 25 panels who interviewed 206 candidates and the whole process lasted for about 3 hrs or so.

GENERAL INTERVIEW:

ME: Sir,May I

me: thank you sir.

hr: so describe your ideal project leader.

me: should me smart,responsible,should guide me,no bossy attitude

hr: if he is not responsible n not honest wid his work,wat will you do?

me: i blv INFY never recruits such personalities,i have full faith in your company and even if

hr: ok sourav thank you, you can leave now n best of luck

me: thank you sir, have a nice day.

dat's how it was on 21st night, at about 10pm the final list was announced and I became an INFOSYS.

Hi friends,

This is mahendra a student of jnct bhopal (a sister concern of lnct bhopal). infy gives the toughest written test than any that of any company.

The test paper consists of two papers first one is of logical reasoning containing 30 questions in 30 mins. no negative marking is there...

All the reasoning Questions includines the following.....

1. Deductive reasoning

2. Smple reasoning (diagrams)

3. A paragraph will, be given n the reasoning questions will be asked on the basis of paragraph (very easy questions thes r)

4. A graph would b given n questions will b asked on the basis of that graph (easy but time taking)

The second paper is of complete english. very long paper it is, containins 40 ques n the time to solve is 35 mins.... this paper is very tough...includes

1.unseen passage (never read the passage first. first see the questions asked after that find the answers in the passage for better time management.

2.small passages were given to u n the best summary will b asked.... also tthe title for the passage may b asked....

3.fill in the blank wid the appropriate sentence

4. correct the wrong sentence

After giving the written i quickly went to other college to give l& t infotech.... i hav filled all the entries of answersheet ther n just the paper was about to b distributed... i got the call that i have been selected... i gave back my answer sheet n run to my bike to lnct....i ipicked my tie n wear it n on a call for my name i entered the room for interview. Hi frends ..this is priyanka ...i attended infosys on campus in srit college jabalpur....and i got thru it.....finally....bt first of all i wud like to thank freshers world and careerenclave that has helped me a lot to go thru the pattern.....there were around 600 students appeared for written and around 49 selected out of which 32 made it for HR,,,and by gods grace i was one among them.....The very imp thing to crack any campus is just b honest to ur self ...b confident never b over confident..it takes u away.....and most imp.....jst believe in ur self.....u r the one who can do the best.....

I M REALLY THNAKFUL TO MY PARENTS ..FRIENDS WHO HAV BELIEF ON ME.....

Here is the pattern dear freinds

1.logical reasoning(30 ques) 40 MIN

2.English section(40 ques) 30 min

for **logical reasoning** a prepration of 1 week with perspiration is more than enough.....i regnized it realllyyyyyyy bt u hav to do it by heart.
logical section.....

he logical section consisted of the following ques....

1.2 puzzle test of 10 marks..... .(just go thru RS AGARWAL its more than enough.....)

2.5 series figure ques of 5 marks (go thru RS AGARWAL...NON VERBAL SECTION more than enough0

3.5 ques on data sufficiency (again prefer rs agarwal)

4.5 ques on logical reasoning or syllogism... (go thru rs agarwal also go thru the lr part of the cat material)

5.data interpretation of 5 ques(Just go thru the rs agarwal aptitude book.....it is best as i preferred the same)

English section..... it is as follows

1. 2 paragraphs based question very easy (try to do it in last minutes as it is very easy u hav to just go thru it once it is of total 10 marks)
2. Correction of underlined sentence very minor difference 5 ques
3. theme detection 5 ques
4. choose the correct sentence of 5 marks,,,,, and rest i cant recollect.....

for verbal section i must say that prepare the basic things like tense, preposition , seeches voices etc.....u can also go for the cat study material.....or prefer wren n martin.....

Written test was ok and the results were aronds 4 o clock and i made it thru...

HR..

FOR HR I WUD SAY THAT DNT PREPARE FOR ANYTHING ELSE BUT PREPARE FOR URSELF I MEAN KNOW UR SELF.....so that u can reply every thing confidently...one more thing that u shud go for r puzzles thay they ask in hr ...as i ws asked 4 puzzles.....

ME: may i come in sir

HR: yes u may

Me : good afternoon sir

HR:hav ur seat

ME: thank u sir

HR : so ur hobbies are singing and dancing

ME : yes sir

HR: did u gt any professional classes for it

Me:no sir these are my hobbies bt not to a professional level

HR :ok ok

HR: he asked puzzles like that of the candle one and based on stick and blah blah...

Me : solved the one of them and cud approach others

HR:will ur parents mind if we send u too any place in india

ME:blah blah

HR.:asked about the shm puzzle

ME:solved it..

HR:wt influence u to take cs

ME :blah blah

HR: wt is ur respnse if wipro visits tomorrow

ME : blah blah

HR:wt are ur social activity

ME: blah blah

and all like this////////// it ws a very formal conversation and nothin like interview as i hav found....the thing that u need is confidence and a naive smile.....that i maintained even in my odds in the hr..... wt they are seeking is that ur learnable or nt and hw u cn tackle the emergencies and passions....so guys jst be cool whther it is written or the hr....jst face it s a part of ur life and nt like an exam...i did so;;;;;;and also it hs been possible bcoz of the god ganasha...whos alws there for me.....so just b honest confident.....and most imp thing.....ur the one who can do the best.....never underestimate urself....jst b ur self ..infy hr are very good and make ur comfortable alws.....so jst go thru ur prep and nothing else.....

Hi friends, I am SRAVANI. Hope all are doing well.. I attended Infosys off campus written test on 13/01/08 Sunday at hyderabad ..and got through the test and attended interview on 14/01/08 at INFOSYS campus.. Test results 'll be announced in 3 to 4 weeks as they said. Nearly 600 attended for wriiten and 65 are short listed..

So, Here s the pattern of the written test I attended. No puzzles are asked in the written test. The pattern is changed now.. The test consists of two sections, Logical Reasoning and Verbal Ability.

One week Serious preparation is enough to get through written test..Time management is very important..for dat only "PRACTISE" is the best thing. cutoff for Reasoning section is "15" and verbal is "20"

1.Logical section:

1.a puzzle was given (ROMAN Numbers puzzle)

I=1,v=5,D=50,C=100,x=1000...and da procedure to solve dem was also given briefly find da value of

1.dxcvixcv (not exactly) and some options were given

2.which of da following represent 1995 and some options were given Like dese 5 questions were given..which are very simple.. But be careful during da calculations.. Try to check dem once again fastly ,.

2. 5 questions on figures..

4 figures were given and we must find da next one..

Very easy figures..if u haqd practiced atleast some questions in RS Agarwal.

3. 5 Data sufficiency questions

1.wen will da 2trains coming in opposite direction will cross each other if da speed of one train is 30

a) average speeds of both tarins is 50

b)sum of lengths of trains is 1000 (not exactly) and some more questions on Data sufficiency ..i didn't remember dem ..

4. 5 questions on Data Interpretation on bar graphs

Not very difficult calculations..

Prepare RS Agarwal's Aptitude book for dis section

5. 5questions based on puzzle..

Prepare puzzle test in RS agarwal Reasoning book.. Once u form a table..u can easily answer 5 questions..dont think dat dese takes a lot of time. P,Q,R,S,T,U,V were friends..dey study in three different colleges X,Y,Z...among dem 4 are male nd 3 are female..two of dem study commerce,one arts ,one science.. And some more clues..

6.simple questions on syllogism..

Prepare dem by logical venn diagram method..den u don't need to remember all da 9 rules..for me its very simple questions..no need even logical venn diagram..

1.A enters a room.B leaves da room

A)A is in da room

B)A is not in da room

C)B is in da room

D)B is not in da room

options are

a) AB b)AD c)BC D)BD

and da answer is "AD" .dis are very simple..u must just have logical thinking

2. All that glitters is Gold

A) A is gold

B) B is not Gold

C) A glitters

D) B does not glitter

Options are

a) AB b) AD c) BC d) CA

answer is "CA" and some more simple questions like dis..didn't remember..

2. VERBAL SECTION:

for verbal I prepared "wren nd martin" ... most of da sections in verbal are based on articles, prepositions, Tenses...

1. 5 questions on Paragraph .its easy but very long..dont read it..just answer dem at last..by seeing da question try to find dat word in paragaraph and den u can find da answer very easily..

2. 5 questions on another Paragraph

3. Correction of underlined sentence very minor differences will be given and we have to choose among dem

4. completion of sentences..

5. Theme detection..dat is deriving conclusions from passages..

I felt dis as easy part among da others in verbal section..

INTERVIEW:

My panel consists of 2 old men aged around 55-60..all the INFY HR's will be mostly aged..asked general Questions like Da 1st Question he asked is Wat's da meaning of ur name?

1. Tell me abt urself and many questions based on which I answered to dis question

2. asked abt Hobbies..i answered playing shuttle nd chess..da next second dey asked how many squares will be der in chess board??

I told 64.

He asked are u confident???

I answered "yes sir."

He is just checking my confident levels

3. Y in infosys??

4. in which companies did u tried till now??

5. some puzzles..

Dey r not waiting till we complete da puzzle..just observing our approach.

Da puzzles dey asked me are

1. gave 4 points and said me to arrange dem so dat all of dem must be equidistant from each other..

I arranged da points in da form of a square..

Den he sais u r very near to answer..den I said is it a asure..

Den he said no and asked next puzzle..

2. dis puzzle is from shakuntala devi puzzles book..

1st asked me to read it aloud..dey r observing vocabulary, pronunciation also..

A ship contains 10 steps, each with a a foot difference., wen der is a high tide it will cover steps..da water rised to 6 feet..den wat's da water level??something like dat..i didn't remember it exactly..

I think da answer is very simple..i reda it once..didnt remembered da answer..Wen I started to solve it on paper he asked me another puzzle..i think der is no need to work it out on paper..

3. a small boy lives in the 8th floor..the building has lift and it works properly and it is nice condition.. da boy went to market and while returning the boy get down in 5th floor..and from dere walks upto 8th floor..y so??

Answer: the boy is "SHORT" to press 8th floor button in da lift..he can reach only till 5th number..so..

I answered it correctly..

6. and lastly any questions??

Try to ask any questions..dont say I have no questions..

I asked dem 2 questions

1. do u want me to learn anything so that I will b fit into INFOSYS??

Both of dem answered something...just listen dem..

2. wat will be my day to day responsibilities once if I enter INFOSYS??

Dey answered it ...

Den he said HAVE A NICE Day..

Dat's all. ALL DA BEST TO ALL..try to clear da written test.. The interview is very simple and it doesn't contain technical interview..
